RE: TELEPHONE PLAN

Thank you for your assistance in arranging the transfer of our lines and the introduction to Phillip for the reinstallation of the telephone system into our new offices. I confirm the change over is scheduled for 23rd April 2007.

Further to the Samsung Business Telephone plan that you organised, I am pleased to advise that we have had a significant reduction in call costs since implementing the plan in October 06.

The billing process we have found to be very streamlined and the reduction in our telephone bill has been better than expected and is averaging in excess of 30% less than our previous billing costs.

I have been very happy with your prompt and informative service and will certainly recommend yourself and your company to anyone requiring assistance in the communications field.

Yours faithfully,
